

Design Determination New York NY

Project Designer February 2016 - Present

- Schematic design, design development, project management, construction administration for commercial, hospitality, retail, boutique fitness and high-end residential projects.
- Conceptual drawing and modelling, furniture test fits and space planning.
- Millwork design, detailing, and coordination.
- Production of Construction Document sets, drawings for building/board approval, and RFI responses.
- Selection and pricing for furniture, millwork and construction. Bid analysis, negotiation, and value engineering as needed.
- Artwork and graphics consulting and design. Development of materials for marketing and client presentations.
- Product design and development for lighting and hardware products. Coordination with manufacturers and engineers.

Landconnect Melbourne AU

Senior Architectural Consultant August 2014 - February 2016

- Interior design and retail space planning. Create and develop experience showroom design for new deployment of new visualization software. Design and detailing of custom modular fixture systems, lighting, and equipment enclosures.
- Produce and process siting plans for suburban homes in development of parametric planning software.

Vitsoe New York NY

Head Planner - North America August 2011 - January 2014

Planner August 2010 - August 2011

- Provided furniture system consulting and planning services for commercial, retail, institutional and private residential clients. Liaised with architects, interior designers, contractors and users, produced shop drawings and cad blocks and coordinated on-site installations.
- Worked closely with management in Los Angeles and London on sales and marketing strategy, logistics and product development. Directed weekly cross-team as well as New York operations meetings. Guided junior staff regarding procedures and technical matters. Assisted with shop visual displays and merchandizing.

Karlsberger Architecture Columbus OH & New York NY

Architectural Staff January 2008 - January 2009

Architectural Intern Summers 2003 - 2006

- Produced sketches and drawing sets for buildings in both design development and construction administration phases.
- Designed interior detail conditions and revised as needed due to changing site conditions and requirements.
